July 2008

Adult Substance Abuse Consumers

Introduction to Report

This type of report is available to Local Management Entities, providers and the NC Division of Mental Health, Developmental Disabilities and Substance Abuse Services on data gathered for substance abuse consumers through the North Carolina Treatment Outcomes and Program Performance System (NC-TOPPS). It provides information gathered through the online NC-TOPPS Initial Interview and includes seven pages of charts, tables and text information on consumers' demographic characteristics, substance use, symptoms, behaviors and activities, service needs, supports and barriers, family and housing issues and outcome measures collected through an interview with the consumer at the beginning of their treatment. It should be noted that not every data element or response category on the NC-TOPPS Initial Interview is displayed in this report.

Please note that the charts and tables may not always match online queries that you may conduct. The data used in these reports will not necessarily reflect the same points in time. In addition, NDRI who produces these reports cleans the data and removes apparent duplicates prior to preparing the tables and charts.

Additional information about NC-TOPPS and printable version of the interviews are available at http://www.ncdhhs.gov/mhddsas/nc-topps/

General Information on Interpreting Tables

Types of Statistics

- ► A count shows the actual number (often designated by the letter "n") of clients.
- ► A <u>percentage</u> is the number of clients with a characteristic or behavior divided by all the clients in the group of interest multiplied by 100. Percentages will be designated with a % sign next to the number.
- ► An <u>average</u> is the sum of a set of numbers divided by the number of numbers in the set. When a number in a cell is an average, the word average will appear in the row descriptor.
- ▶ A <u>median</u> is the middle number in a set of numbers, arranged from lowest to highest. For example, the median for the following numbers: 9, 12, 12, 15, 17, 20, 22, 23, 25, 28, 31, 35, 62 is the bolded number, 22. Medians are important measures of central tendency, especially when a mean may be skewed by a very high or very low value. When a number in a cell is a median, the word median will appear in the row descriptor.

Missing Data

For many of the NC-TOPPS forms received, a particular item or question may have been left blank. In calculating the means, medians, and percentages in cells of questionnaire items, this missing data is excluded from the calculation. For example, program X may have submitted 50 assessments but in 2 of the assessments, gender was left blank. When the percent of males is calculated, the 25 males are shown as 52% (25/48*100).

Denominator

The denominator for nearly all percentages is the number of cases shown on the bottom left of the page minus item missing data. All exceptions to this general rule are **specifically noted** with appropriate text in the graphic or table. This text will state which group is included or excluded from the denominator, such as "of those in the labor force" or "of those with children."

Multiple Response

"Multiple response" indicates a "mark all that apply" type question in which more than one response to a question is allowed. The total of responses may add to greater than 100%. Examples are health insurance or target population. This is in contrast to items such as gender where only a single response is allowed.

Definitions of terms

The Appendix at the end of the report gives definitions of acronymns, abbreviations, and other terms used in this report.

Notes:

Private methadone providers are excluded from the current report.

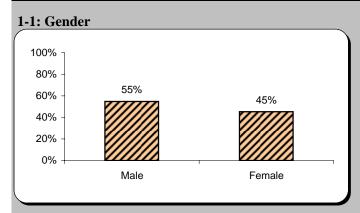

Initial Assessments Received July 1, 2007 through June 30, 2008 Adult Substance Abuse Consumers by Provider Southeastern Center

This table shows the number of consumers in this report by provider.

Provider	City	ProviderID	Number
A Helping Hand of Wilmington	Wilmington	2616	96
ACI Support Specialists	Wilmington	1072	1
Access Family Services, Inc.	Wilmington	329	2
Acts Community Services, Inc.	Wilmington	2596	38

Initial Assessments Received July 1, 2007 through June 30, 2008 Adult Substance Abuse Consumer Characteristics Southeastern Center

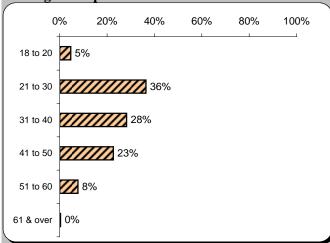

1-2: Hispanic Origin

Of the SEC consumers, 2% indicate that they are of Hispanic, Latino, or Spanish origin.

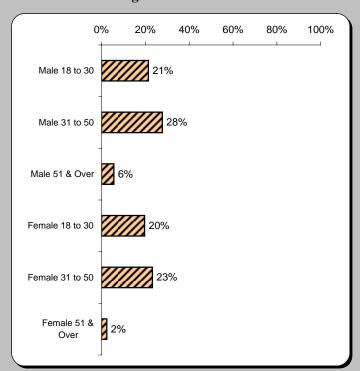

1-3: Race/Ethnicity

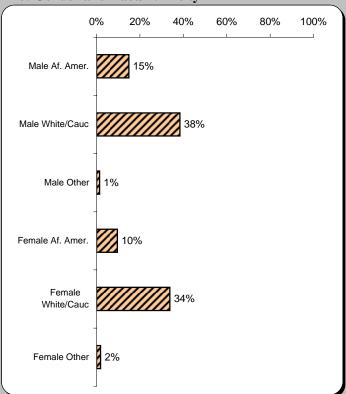

1-4: Age Group

1-5: Gender and Age

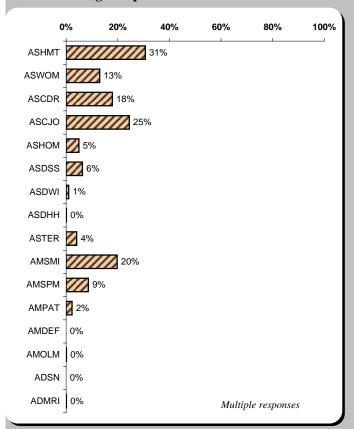

1-6: Gender and Race/Ethnicity

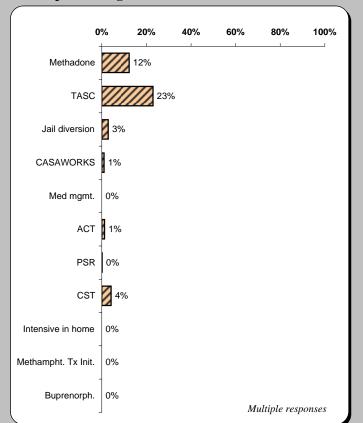

Initial Assessments Received July 1, 2007 through June 30, 2008 Adult Substance Abuse Target and Special Populations and Programs Southeastern Center

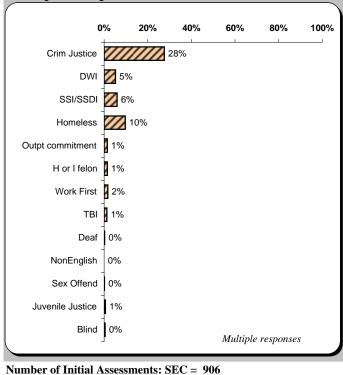

2-1: IPRS Target Populations

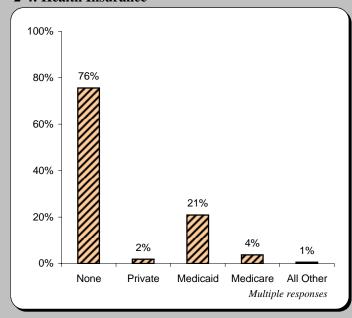

2-3: Special Programs

2-2: Special Populations

2-4: Health Insurance

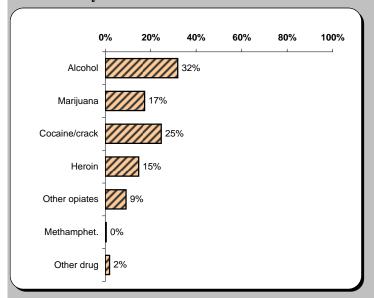

Note: See appendix for definitions of acronyms used on this page.

Initial Assessments Received July 1, 2007 through June 30, 2008 Adult Substance Abuse Consumers' Substance Use Southeastern Center

3-1: Primary Substance Problem

3-3: Cigarette Smoking

Overall, 78% of SEC consumers report that they smoked cigarettes in the past month and 43% smoked a pack a day or more.

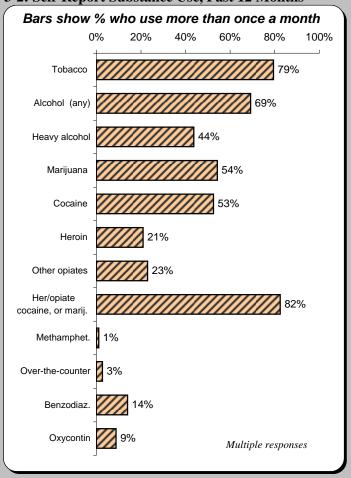

3-4: Injection Drug Use

31% of SEC consumers report that they have ever injected drugs for a nonmedical reason.

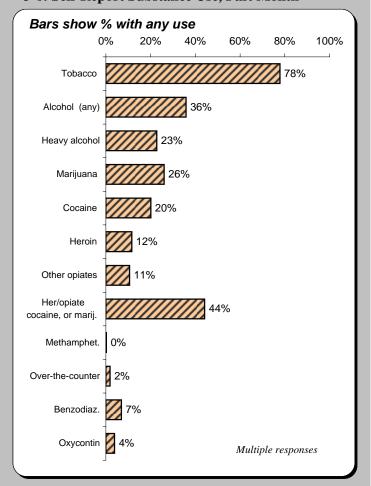

3-5: 90-Day Abstinence from Alcohol and Drugs

SEC consumers were asked how long they have been abstinent at this time. 20% reported abstinence for at least the past 90 days.

3-2: Self-Report Substance Use, Past 12 Months

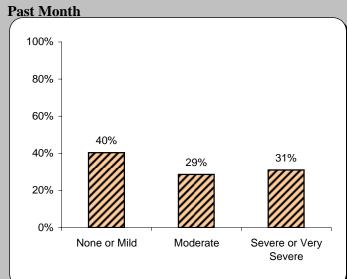

3-6: Self-Report Substance Use, Past Month

Initial Assessments Received July 1, 2007 through June 30, 2008 Adult Substance Abuse Consumer Symptoms, Behaviors, and Activities Southeastern Center

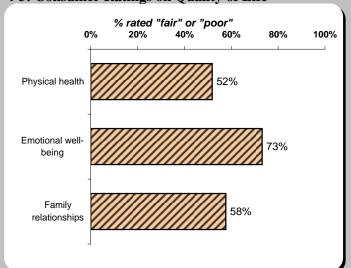

4-1: Severity of Mental Health Symptoms,

4-2: General Assessment of Functioning (GAF)

GAF scores were reported for 99% of SEC consumers. The average score was 47.2 and the median score was 48.

4-3: Consumer Ratings on Quality of Life

4-4: Experienced Violence

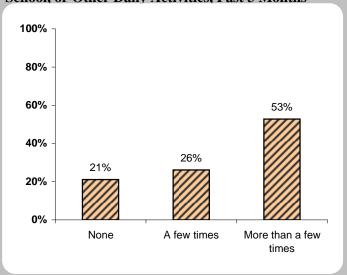

Physical violence, past 3 months	14%
Sexual violence, ever	25%
Sexual violence, past 3 months	3%

4-5: DSM-IV Diagnoses

Diagnostic Category	%
Drug Dependence	74%
Alcohol Dependence	27%
Drug Abuse	14%
Alcohol Abuse	8%
Major Depression	16%
Bipolar disorder	9%
Schizophrenia	5%
Anxiety disorder	5%
Personality disorder	4%
PTSD	7%

Only most common diagnoses shown. Multiple response

4-6: How Often Problems Interfere with Work, School, or Other Daily Activities, Past 3 Months

4-7: Lifetime Suicide Attempts

31% of SEC consumers have attempted suicide at least once during their lifetime.

5-3: Support for Recovery 100% 94% 91% 80% - 40% - 20% - 40% Have supportive family or friends Have positive adult role model(s)

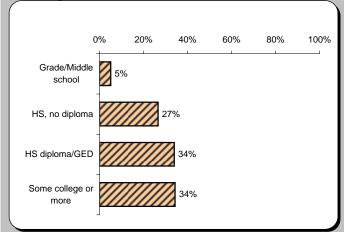

5-5: Consumer Participation in Positive Activities, Past 3 Months

Initial Assessments Received July 1, 2007 through June 30, 2008 Adult Substance Abuse Consumer's Education, Family, and Housing Issues Southeastern Center

6-1: Highest Educational Achievement

6-2: Marital Status

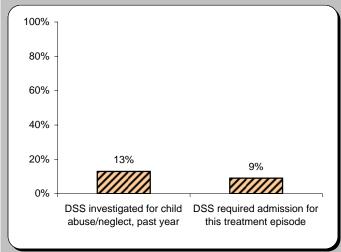

Never married	49%
Married or living as married	17%
Divorced/Widowed/Separated	34%

6-3: Children Under 18

48% of SEC consumers have children under age 18.

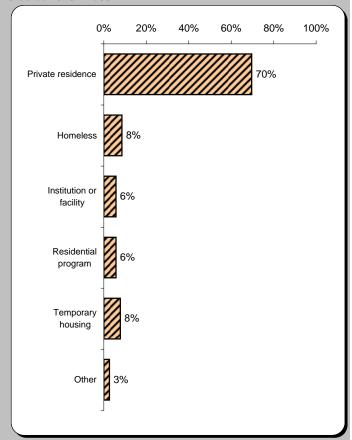

Of those with children	
Have custody of all children	40%
Have custody of some children	9%
Have custody of none of children	51%

6-4: DSS Involvement

Number of Initial Assessments: SEC = 906

6-5: Where Lived

Note: Of SEC homeless consumers, 45 were in shelters and 32 were not in shelters.

6-6: Times Moved Residences in the Past Year

No moves	31%
Moved once	26%
Moved two or more times	43%

6-7: Pregnancy Status

Number currently pregnant	25
Number uncertain about pregnancy status	3
Number in first trimester	5
Number in second trimester	11
Number in third trimester	9

Note: Numbers may not add, due to missing data.

page 6

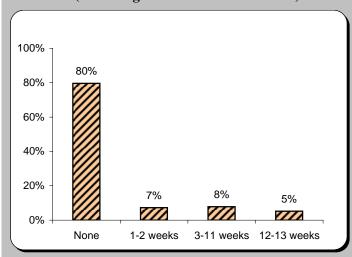

Initial Assessments Received July 1, 2007 through June 30, 2008

Adult Substance Abuse Consumers, Treatment, Employment, and Criminal Justice Issues Southeastern Center

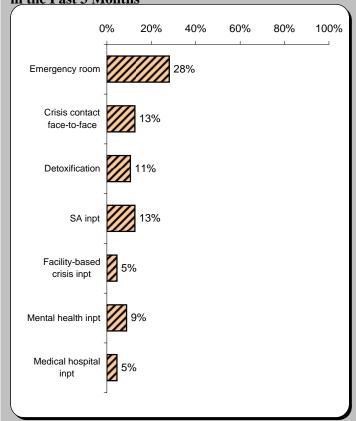

7-1: Outpatient Substance Abuse Treatment

47% of SEC consumers have had outpatient substance abuse treatment during their lifetime.

7-2: Weeks of Outpatient SA Treatment in Past 3 Months (excluding detoxification treatment)

7-3: Health Care: Types of Services Received in the Past 3 Months

7-4: Employment, Past 3 Months

82% of SEC consumers are in the labor force meaning that they are working, or unemployed and looking for work.

Of those in the labor force	
Employed full-time	29%
Employed part-time	19%
Unemployed (seeking work)	53%
Of those working	
Supported employment	1%
Transitional employment	6%

7-5: Arrest History

Any Arrests	
Ever	82%
Past month	8%
Misdemeanor Arrests	
Ever	74%
Past month	6%
